From vision to reality
You have made the difference
“THE HUMAN TOUCH IS ROOTED IN ST. MICHAEL’S CULTURE

across every aspect of the hospital and in Dr. Daniels and his incredible team.”
A hunting accident at age 15, when a 12-gauge shotgun blast tore through Charlie’s right foot, meant a series of painful corrective procedures and difficulty walking as an adult. His research led him to Dr. Tim Daniels, recognized as the top foot and ankle surgeon in Canada. Dr. Daniels performed two surgeries at St. Michael’s that finally liberated Charlie from pain.

“While some hospitals may be shinier and others have higher profile, none offered the patient experience I received at this hospital. St. Michael’s is world class.”

Charlie knows that St. Michael’s is a leader in first-class orthopedic care.
Donors to our Inspire 2018 campaign are helping to build a new 16-bed unit in the Peter Gilgan Patient Care Tower, which will connect with our existing 16-bed orthopedic unit, enabling us to help even more patients like Charlie.
A WORLD LEADER IN URBAN HEALTH

St. Michael’s is a remarkable place with a long history of having the best people delivering the very best patient care – a place that I have been proud to be a part of for more than 30 years. With our Inspire 2018 campaign we will transform St. Michael’s, updating facilities and equipment to give us the tools we need to become the premier critical care hospital in Canada and a world leader in urban health.

Our exciting future is quickly becoming a reality. Thanks to the most successful fundraising year ever and investments by our largest individual and corporate donors to date, construction of the new Peter Gilgan Patient Care Tower has begun. The centrepiece of our transformation, this state-of-the-art building, along with our twice-as-large Slaight Family Emergency Department and the Element Financial Atrium and Way, will improve patient care and ensure best-possible outcomes for all of our patients, saving even more lives.

Government funding pays for much of our health care costs, but not all of it. Without the support of generous community partners and donors it would be impossible to advance the research and education necessary to innovate and deliver superior care to all our patients. Your contributions allow us to provide the very best in patient care today, tomorrow and into the future.

Your support makes all the difference, so simply, thank you. Our vision for the future of St. Michael’s is becoming a reality – please join us on our journey.

Bob Howard, MD, MBA
President & CEO
St. Michael’s Hospital
I am pleased to share our 2014-2015 Annual Report with you. Thanks to our friends and supporters, it has been another terrific year! Once again, our donors have demonstrated their remarkable commitment to the mission of St. Michael’s. This year has seen important contributions from Peter Gilgan and Element Financial, among others. We certainly appreciate all gifts. We are most grateful that, among a host of choices, all our donors continue to make health care, as it is practiced at this hospital, their philanthropic priority. Our skilled teams certainly could not achieve all they do without you.

I am also most appreciative of all the work done by our dedicated Foundation volunteers. Although you don’t see them when you come for your hospital visit, they are an essential part of the St. Michael’s team. Their time and energy have been integral to the continuing success of our Inspire 2018 campaign, which, with their help, I am sure will reach its target in the coming year.

On behalf of the physicians, nurses and staff of St. Michael’s, I want to say a most sincere thank you to all our donors for the wonderful support you have shown this year. Your generosity supports the care that our people provide to those in need every day. Your gifts to our Inspire 2018 campaign will help us realize our future. Thank you.

Let’s celebrate the events of this past year, as together we look forward to an exciting future!

With best wishes,

L. Alayne Metrick, FAHP
President
St. Michael’s Foundation
Over the last four years as Chair of the Foundation Board, I have watched this hospital reach extraordinary milestones in its history. The ambitious goal to become Canada’s premier critical care hospital is well underway as we close in on the final $28 million of our campaign. We have made great strides in our research and education programs, continuing to recruit the best and brightest. We have a new strategic plan that will position us as a world leader in urban health. And we have done it all while maintaining the core value of compassionate care to all. Together, we have accomplished a lot. And we should be proud.

Great success is not possible without a great team. Our accomplishments would simply not happen without the committed staff, dedicated caregivers, savvy fundraisers and, of course, generous donors. Because of you, we are able to make a measurable impact on the type of care we provide – meaning our patients get better sooner. What a terrific outcome to celebrate.

As I pass the leadership reigns to incoming Chair Frank Techar, I am confident we will complete Inspire 2018 and see this hospital transform into a world-class facility, matching our world-class care. With the continued support of our exceptional executive team, led by Dr. Bob Howard, and our committed foundation team of volunteers and board members under the leadership of Alayne Metrick, the future of this hospital is in great hands. I look forward to seeing it come to life.

Michael Norris
Outgoing Chair
St. Michael’s Foundation
I’m extremely proud to be part of this great place. In my five years as a Director on the Hospital’s Board, I’ve seen first-hand how remarkable St. Michael’s is. It’s not just a great hospital, but also an essential part of the fabric of Toronto. It is the only hospital located downtown founded to serve the needs of the inner city and is also a major centre of critical care for patients. As a leader in urban health and critical care, this hospital is often caring for the sickest of the sick. No wonder it is affectionately known as the “Urban Angel.”

St. Michael’s is home to a world-class team. But what makes care in St. Michael’s so great goes further than the medical expertise of its staff. When patients come to St. Michael’s, they are more than just a waiting room number: they are genuinely listened to and treated with respect and compassion.

St. Michael’s also contributes significantly to medical innovation. An important facility for research and education with an affiliation with the University of Toronto, it’s counted among the top research hospitals in Canada.

With the new Peter Gilgan Patient Care Tower as the centrepiece of our Inspire 2018 campaign, we are poised to take ‘great’ to a new level. Once completed, it will be one of the best hospital campuses in the country, providing even faster, safer and better care for Toronto’s growing population and beyond.

Under outgoing Chair Michael Norris, the Foundation has achieved two of its most successful years ever. Please join me in thanking Mike for his inspiring leadership. As the new Foundation Board Chair, I encourage you to join us as we strive to complete Inspire 2018 – help us continue to provide great care for patients, today and in the future. Donor support enables us to truly make a difference – simply, thank you.

Frank Techar
Incoming Chair
St. Michael’s Foundation
A leader in philanthropy, Founder & CEO of Mattamy Homes Peter Gilgan has made a remarkable investment of $30 million to build the Peter Gilgan Patient Care Tower. We honoured Peter at a special event on September 19, 2014, which also served as the launch of the public phase of our Inspire 2018 campaign.
7. Nga Gilgan, Peter Gilgan and Mary Gilgan. 8. Barbara Keenan, who along with the late Patrick Keenan, built the Keenan Research Centre. 9. Trauma patient Allison Freeman describes her experience at St. Michael’s. 10. Dr. Doug Campbell, Dr. Patricia Houston and Peter Gilgan in the Allan Waters Family Simulation Centre. 11. A commemorative silk scarf is presented to Peter Gilgan by Dr. Bob Howard. 12. A staircase showcases the new blueprint for the tower.
You trust us with your hard-earned dollars. To be as transparent as possible, we owe you a full accounting of our financial management, expenditures and effectiveness. Because of your generous commitment to our hospital this past fiscal year, we were able to provide more than $25 million to support equipment, education and research at St. Michael’s. Thank you for your gifts and for being part of our family.

2014-2015
Grants to St. Michael’s

Total: $25.1 million transferred

- **RESEARCH:** $15.4 million (61%)
- **CAPITAL:** $7 million (28%)
- **OTHER PROGRAMS:**
  - $2.7 million (11%)

Visit us at stmichaelsfoundation.com or call 416.864.5000 to request our full financial statements.

This past year, generous donor gifts enabled us to support many initiatives across the hospital to a total of $25.1 million. Here are just some of the equipment and projects that you supported:

- Surgical Robot
- Endowed & Term Chairs
- Clinical Fellowships
- Urban Angel Fund for Homeless People – STAR Project
- Head Injury Clinic
- Cystoscopy Suite Equipment Upgrades
- Palliative Care (new beds)
- Heart & Stroke Research
- Sleep Lab Equipment Upgrade
- Interoperative Neuronavigation System
- Corus Inner City Childhood Obesity Research Initiative
- Rapid Tissue Processor
- Research Infrastructure
- Nursing Education & Scholarships
- Diagnostic Ultrasounds
- Multiple Sclerosis Patient Registry
- Kidney Scarring Research Project
We are honoured that you have chosen to support St. Michael's Hospital. We are committed to building and maintaining your trust through transparency. If you have any questions or concerns, please call us at 416.864.5000. We will be happy to speak with you.

The following information is an excerpt taken from St. Michael’s Hospital Foundation’s audited 2014-2015 financial statements. Our financials are audited by PricewaterhouseCoopers and are available at stmichaelsfoundation.com/annualreport.
This year, donor generosity and the efforts of our dedicated volunteers enabled us to establish **The Term Chair in Voice Disorders Research**.

Many donors make gifts as investments to support quality care today and tomorrow. They are investing in the future of the St. Michael’s Hospital. Endowed gifts are invested by the Foundation and the accrued interest supports care, research and education through Chairs or Funds. Here are some examples:

**NAMED FUNDS**
- The Angel Care Fund
- The Elizabeth S. Barford Multiple Sclerosis Patient Comfort Fund
- The Wilfred G. Bigelow Professorship in Cardiac Surgery
- The Bitove Family Fellow in Neuroendovascular Therapeutics
- The Bruce Family Lecture Fund
- The Centennial Scholarship Fund
- The Eric and Heather Donnelly Endowment Fund
- The Terrence Donnelly Cardiac Research Day Fund
- The Gales/Ray Family Endowment Fund
- The Sister Christine Gaudet Scholarship Fund
- The M. Audrey Giles Endowment Fund
- The Dr. H. Patrick Higgins Memorial Scholarship Fund
- The Daniel Hornik Memorial Fund
- The Johnson & Johnson Endowed Lecture in Education
- The Albert C. Johnston Research Fund
- The Arthur and Sonia Labatt Fellowship in Neurosurgery
- The Richard Lewar Research Endowment Fund in Gastroenterology
- The Dr. J.D. Loudon Memorial Library Fund
- The Love and Barford MS Research Fund
- The McCain Research Fund
- The Pat Nichols and Bob Tundermann Endowment Fund in Cancer Care
- The Dr. Peter Leonard Pelmear Endowment Fund
- The Dr. S. Gordon Ross Memorial Fund
- The Savlov Family Endowment Fund for Arthritic Research
- The Squires Chalmers Professorship in Medicine – **Dr. Tom Parker**
- The Squires-Hyland Trust Fund
- The Sullivan Trust Fund
- The Urban Angel Fund for Homeless People
- The Wayne C. Wilson Endowment Fund
- The Dr. Gerald S. Wong Memorial Fund

**CHAIRS AT ST. MICHAEL’S**
- The Brazilian Ball Endowed Research Chair in Cardiology Research **Dr. Howard Leong-Poi**
- The Chair in Homelessness, Housing and Health **Dr. Stephen Hwang**
- The Chair in Trauma Research **Dr. Sandro Rizoli**
- The Chair in Women’s Health **Dr. Guylaine Lefebvre**
- The Cystic Fibrosis Canada Chair in Adult Cystic Fibrosis Research **Dr. Elizabeth Tullis**
- The Keenan Chair in Critical Care & Respiratory Medicine **Dr. Laurent Brochard**
- The Keenan Chair in Medicine **Dr. Arthur Slutsky**
- The Keenan Chair in Surgery **Dr. Loch Macdonald**
- The Wallace and Margaret McCain Chair in Therapeutic Endoscopy
- The Cara Phelan Chair in Critical Care Medicine **Dr. Andrew Baker**
- The Robert and Dorothy Pitts Chair in Emergency and Acute Care Medicine **Dr. Laurie Morrison**
- The Robert and Dorothy Pitts Chair in Integrated Clinical Research **Dr. Muhammad Mamdani**
- The Fondation Baxter and Alma Ricard Chair in Inner City Health Research **Dr. Patricia O’Campo**
- The Slaight Family Term Chair in Advanced Therapeutic Endoscopy **Dr. Paul Kortan**
- The St. Michael’s Hospital Volunteer Association Term Chair in Nursing Research **Dr. Lianne Jeffs**
- The Term Chair in Cerebrovascular & Brain Tumor Surgery **Dr. Julian Spears**
- The Term Chair in Intersectoral Solutions for Urban Health Problems **Dr. Patricia O’Campo**
- The Term Chair in Foot & Ankle Research **Dr. Timothy Daniels**
- The Term Chair in Fracture Care Research **Dr. Emil Schemitsch**
- The Waugh Family Chair in Multiple Sclerosis Research **Dr. Paul O’Connor**

stmichaelsfoundation.com/inspire
“IT WAS LIKE SIX PEOPLE STANDING ON MY CHEST.”

It could happen to anyone. When Paul had a heart attack at age 60, he came to St. Michael’s where he was diagnosed with atrial fibrillation, three major blockages and a weakened heart, possibly from previous minor heart attacks. He was treated by our cardiology and cardiac team with an angioplasty and triple bypass surgery. Debra, his wife, was impressed by the staff: “That first night I could sleep because I trusted the nurses to look after Paul. I can’t say enough about St. Michael’s.”

“Thanks to the immediate and expert care from St. Michael’s, including Dr. Akshay Bagai and Dr. David Latter, I’m still here!”

Many donors like Paul and Debra know the importance of great cardiac care. That’s why they’re supporting the construction of the new Coronary Intensive Care Unit in the Peter Gilgan Patient Care Tower, the centrepiece of Inspire 2018.
We sincerely appreciate all gifts. Generous donor commitment to St. Michael's in the past fiscal year has made a significant difference to patient care, research and education. We thank all our donors. Because of space limitations, the following lists those who have made contributions of $1,000 or more between April 1, 2014 and March 31, 2015.

**URBAN ANGEL FUND FOR HOMELESS PEOPLE**

Thanks to the Louis L. Odette Family we have a new resource to help our disadvantaged patients, the Urban Angel Fund for Homeless People. Patricia and the late Louis “Bud” Odette have been tremendous supporters of St. Michael’s over the years, supporting many priorities, including the Louis Odette Family Neurointerventional Angiography Suite which treats patients with complex brain conditions.
MAKING THE BEST EVEN BETTER

Our Multiple Sclerosis Research Program – with the largest clinic in North America under the leadership of Dr. Paul O’Connor (seen above) – got a boost with the creation of the Love and Barford Multiple Sclerosis Research Fund to support research and education. John and Jocelyn Barford made a lead gift, which Jon and Nancy Love matched and Beth Malcolm enhanced.

A BREATH OF FRESH AIR

This year saw new support for research under VP Research Dr. Art Slutsky. A gift from John Beck created the John M. Beck INNOVENT Fund for mechanical ventilation research and development under Dr. Christer Sinderby (seen centre below).

We are pleased to share with you that our Inspire 2018 campaign, which will give us the resources to become Canada’s premier critical care hospital, has reached a remarkable $182 million towards our ambitious goal of $210 million. We are striving to complete the funding required in the coming year, but we can’t do it without you!

HELP MAKE OUR VISION A REALITY

We are pleased to share with you that our Inspire 2018 campaign, which will give us the resources to become Canada’s premier critical care hospital, has reached a remarkable $182 million towards our ambitious goal of $210 million. We are striving to complete the funding required in the coming year, but we can’t do it without you!

SHOWING LEADERSHIP

The 2014 Spirit of Philanthropy Award was presented at our annual Founders’ Reception to Dr. Tom Marotta, who is not only a leader in the minimally invasive treatment of aneurysms but also a terrific fundraiser who inspires people to support the hospital.
Co-chairs Joe Natale & Melissa Martin and Tony & Lina Gagliano successfully led their third Angel Ball, raising in all $9.3 million net for St. Michael's. Additionally, we were pleased to welcome new co-chairs Anatol & Alison von Hahn to our Angel Ball team this year.

RECOGNIZING THE BEST IN RESEARCH

In recognition of his dedication to improving the health of Canadians, the Canadian Institutes of Health Research named Dr. Art Slutsky, vice-president of Research at St. Michael's Hospital, Canada's 2014 Health Researcher of the Year. Generous donor support has made us a global leader in research, particularly in critical care. Dr. Slutsky is one of three world experts in mechanical ventilation at St. Michael's.

MEMORIAL CONCERT

In November, the Krehm family hosted the second Elizabeth Krehm Memorial Concert at the Metropolitan United Church, with a performance of Beethoven's 9th Symphony, with proceeds supporting St. Michael's Medical-Surgical Intensive Care Unit.

CONTINUOUS
IMPROVEMENT

David and Anne Patterson,
who previously helped to create
our Chair in Trauma, reaffirmed
their commitment to our
quality improvement initiatives
with a contribution of another
$1 million. Their support
has allowed us to firmly
establish ourselves as a
trailblazer in quality – one
way St. Michael’s stands
apart from other hospitals.

LONGTIME
FRIENDS

Generous supporters of
St. Michael’s since the mid-’80s,
 Bernie and Mildred Syron,
whose contributions have
supported the Trauma
Neurosurgical Intensive Care
Unit and the Syron Lobby in the
Li Ka Shing Knowledge Institute,
have committed $1 million
toward the Peter Gilgan Patient
Care Tower. Their gift also
generously took the 2014
Angel Ball over its goal.
“IT WAS TERRIFYING: MY FACE HAD DOUBLED IN SIZE.

Dr. Thomas was calm and very reassuring during a moment of real stress.”

Aysa has worked at St. Michael’s for more than 17 years. Recently, however, what turned out to be hives on her cheek on Thursday became an urgent and frightening problem by Saturday. Naturally she sought care in a place where care is unparalleled. At our Sherbourne Family Clinic, she was treated by resident Dr. Hana Susan Thomas – immediately things began to return to normal.

“I’ve always known St. Michael’s offers great care, but now I speak from personal experience.”

Staff members like Aysa know first-hand that St. Michael’s delivers the very best in compassionate care. That’s why she – and 100% of our physicians – are supporting Inspire 2018.
IN MEMORIAM: KING WARD

August 2014 saw the passing of G. Kingsley “King” Ward, a great supporter, donor and friend of this hospital for 30 years. As a volunteer he served for 16 years on the Foundation’s Board of Directors – 10 as treasurer, as a member of the Foundation’s Governors’ Council, as a cabinet member for two capital campaigns and as chair of the Sister Gaudet/Dr. Gordon Ross Scholarship Committee.

40 YEARS

In April 2015, the Squires-Hyland Trust celebrated the art of medicine with the 40th and final annual Squires-Hyland Dinner and Mentorship Awards. The Trust honours Dr. Arthur Squires, one of Canada’s first hematologists, who combined excellence in research, teaching and clinical care, and Dr. Bob Hyland.
in memoriam:

Hartland “Hart” MacDougall was a tireless St. Michael’s advocate and volunteer for more than 40 years. He was the Founding Chair of the Board of Directors for the St. Michael's Foundation and then a Director, serving for 18 years.

Best care

Brookfield, which has supported a number of hospital priorities over the years, including the Chairs in Women's Health and Trauma and our new Women's Health Centre, has generously pledged $5 million to create the new Medical-Surgical Intensive Care Unit in the new Peter Gilgan Patient Care Tower.
John Tory has been an ardent and invaluable supporter of St. Michael’s for more than 20 years. He has co-chaired three of the Foundation’s last four campaigns and served in the leadership cabinet of the fourth. During his long association with this hospital before he became Mayor of Toronto, John also chaired the Foundation Board and has been a key member of the Foundation’s executive committee. He has been responsible for introducing many new friends to the mission and work of St. Michael’s.

John, we most sincerely appreciate all you have done for us.

We cannot say Thank You enough!
Our Urban Angel Golf Classic celebrated its 28th anniversary in July 2014 with 288 friends of St. Michael’s giving by golfing. This is the eighth consecutive year this signature event has raised more than $1 million net for St. Michael’s priorities. A new feature this year was the addition of pro golfers from PGA Canada who provided on-course advice to our participants. The event was co-chaired again by our terrific volunteers Vas Georgiou, John Manning and Michael Thompson.
A STELLAR YEAR
This was the most successful year to date for our St. Michael’s Young Leaders! Congratulations to co-chairs Tyler Howard and Brad Lawrence for this great achievement. We are grateful for their leadership and enthusiasm during their first year. The committee raised a total of $290,000 net from their three events: The Dodger, The Duffer and The Giver.

BREATHING MUCH EASIER
The Geoffrey H. Wood Foundation, which in our previous fiscal year made a wonderful pledge of $5 million to create a new respirology unit in the Peter Gilgan Patient Care Tower, made a second gift of $40,000 which will provide opportunities for respite care for those inpatients who have lengthy hospital stays.
In October, the Wings of Hope Committee held its eighth annual benefit to support our CIBC Breast Cancer Centre. Founded by breast cancer survivor Anna Rossetti (below, third from left), the proceeds from Wings of Hope have enabled the purchase of specialized equipment, as well as supported vital breast cancer survivorship research.
“WHEN PEOPLE SAY THEY NEED BACK SURGERY, I SAY ‘GO TO ST. MICHAEL’S.’”

Imagine playing soccer one day, and the next you’re in a wheelchair. Only 25, Nicole came to St. Michael’s with two herniated discs and early degeneration of two vertebrae. The pain got so severe that Nicole resorted first to using crutches and then a wheelchair to get to her classes at York University. 
Dr. Sunit Das and his team swung into action. Standing up after surgery, Nicole felt no pain: “I had the biggest smile on my face at that moment.”

“Dr. Das was phenomenal. He treated me as if I was his own daughter. Thank you, St. Michael’s!”

Nicole and patients like her know that great surgical care is critical. That’s the reason they’re supporting the creation of five new hybrid operating rooms in the Peter Gilgan Patient Care Tower.

**ANOTHER FIRST**
**Dr. Elizabeth Tullis**, director of our Adult CF Program, which is the largest in North America, was named the first Cystic Fibrosis Canada Chair in Adult Cystic Fibrosis Research. CF patients are living longer and so Dr. Tullis is focused on managing the challenges faced by this growing and aging population.

**HOLE IN ONE**
In September 2014, Associate Sponsors Howie, Sacks and Henry LLP, Lerners LLP and Shekter Dychenberg LLP presented the 2014 Out of the Rough Golf Tournament, netting $132,000 for our Head Injury Clinic. More than 2,000 patients visit the clinic for treatment and care annually, some travelling from across Canada to access the highly specialized services our team offers.
Emergency Help

Long-time friends of St. Michael's, Hans and Suzy Brenninkmeyer, who helped make our new Women's Health Centre and Chair in Women's Health realities, made an additional $1 million commitment to support the Slaight Family Emergency Department renovation — an important part of our Inspire 2018 campaign.

Generous Commitment

A wonderful commitment from Ronald and Barbara Besse has made it possible to establish our new Cystic Fibrosis Canada Chair in Adult Cystic Fibrosis Research. St. Michael's has North America's largest clinic to treat adults with CF, the most common fatal genetic disease affecting Canadian children and young adults.
In May 2014, we mourned the loss of Patrick (Pat) J. Keenan, one of our dear friends and most generous benefactors. His relationship with the hospital spanned nearly 30 years, and included important roles as hospital Board Chair, dedicated volunteer and advocate, philanthropist and friend. We remember Pat with great gratitude and thank his wife Barbara and the rest of the Keenan family for their continued commitment to St. Michael’s.
With its investment of $15 million, Element Financial has established itself as a leader in philanthropy by making the largest single investment by a corporation in our history. This donation will help people navigate St. Michael's more easily by creating the Element Financial Way and a new public meeting place and hub for information and retail services called the Element Financial Atrium in the new Peter Gilgan Patient Care Tower.
The phrase *Take me to St. Mike’s* appeared as a temporary tattoo on people doing every day activities that could be potentially dangerous. This year’s holiday campaign reminded people to “Take care... but if you need care, St. Michael’s is where you want to be.” It highlighted our leadership in the care of the critically ill, those who need care within the hour to survive.
NEW DIRECTIONS FOR EDUCATION

Under the leadership of Dr. Patricia Houston, our Education Program team has developed a new education strategy for patients and families, as well as staff and students. This will allow us to leverage our successes while pursuing opportunity, outreach, and outcomes across our education strategic directions.

NURSES LEADING BY EXAMPLE

Cardiovascular surgery nurse Marnee Wilson has been recognized with the prestigious Jerry Gerow Nurse Practitioner Leadership Award. After seeing the compassionate care shown to her father who was successfully treated here for heart trouble, Wilson – a staff member since 2000 – was inspired to join the St. Michael’s nursing team, led by Executive VP and Chief Nursing Executive Ella Ferris.
SHOWCASING OUR PEOPLE

Our Urban Angel magazine was awarded first place for External Communications by the Health Care Public Relations Association of Canada. It was also honoured by SOFII (Showcase of Fundraising Innovation and Inspiration), a UK-based site recognizing fundraising creativity, as a “unique and creative approach to donor communications.”

URBAN HEALTH

Director of our Centre for Research on Inner City Health, Dr. Patricia O’Campo was appointed as the first Chair in Intersectoral Solutions for Urban Health Problems. The resources provided by this new position will enable Dr. O’Campo and her team to continue groundbreaking research to support social change and reduce health inequities.

In May 2014, Well Living House's Second Annual Fundraiser was held in support of an action research centre for indigenous infant, child and family health. With Dr. Evan Adams hosting, Counsel of Grandparents member Jan Kahehti:io Longboat shared a full moon ceremony and Grammy-nominated cellist, composer and educator Dawn Avery performed.
Diagnosed with glaucoma as a boy in Poland, Chris had the help of Dr. Neeru Gupta when his condition deteriorated later in life and when he developed cataracts. Because of family history, Dr. Gupta also investigated the eye health of Chris's daughters. Chris now considers Dr. Gupta his family's guardian angel. Two generations of the Polis family, Chris and his daughter Natalia, have now been treated at St. Michael's.

“We will never be able to adequately thank St. Michael’s or Dr. Gupta for the quality of life they gave my daughter, now studying to be a lawyer.”

Grateful patients like Chris and his daughter have had life-changing experiences at St. Michael’s. That’s why friends like them are supporting Inspire 2018 and the new Donald and Nita Reed Ophthalmology Centre.
CUMULATIVE GIFTS

We wish to pay tribute to a special group of friends who inspire others through their outstanding generosity and deep commitment to St. Michael’s. People who remembered the Hospital in their wills or have made a gift of a life insurance policy, RRSP/RRIF or charitable remainder trust become members of our St. Michael’s Society. Those who made this commitment between April 1, 2014 and March 31, 2015 are listed here. Their names have been added to our Donor Recognition Wall.

**ST. MICHAEL’S SOCIETY**

People who remembered the Hospital in their wills or have made a gift of a life insurance policy, RRSP/RRIF or charitable remainder trust become members of our St. Michael’s Society. Those who made this commitment between April 1, 2014 and March 31, 2015 are listed here. Their names have been added to our Donor Recognition Wall.

**Thank You**

It is impossible to list the names of all the friends who helped us this past year.

But we truly believe that all gifts are great – and appreciated.

We could not do it without you!
HOW YOU CAN HELP ST. MICHAEL’S

As St. Michael’s evolves to become Canada’s premier critical care hospital, our generous donors and volunteers remain crucial to our success. Please help us complete our Inspire 2018 campaign by making a gift or sharing your story. There are many ways to help:

MONTHLY DONOR PROGRAM
Monthly giving is easy, secure and convenient, with donations deducted from your bank account or credit card each month.

GIFT IN THANKS
Has one of our doctors, nurses or other health care professionals made a difference in your life? Consider letting them know how special they are by making a gift in their honour today.

PLANNED GIVING
You can remember St. Michael’s in your will with a bequest, or by making a gift of life insurance, stock or RRSP.

A Gift in Tribute or Memory
A gift in tribute or memory is a meaningful and lasting way to honour someone special. By choosing to make a gift in tribute or memory, you will enable St. Michael’s to continue its mission of providing exemplary and compassionate care to all those in need.

HOLD YOUR OWN EVENT
Many of our generous donors show their appreciation for the care that they or a family member received by creating a special event to raise funds for St. Michael’s. If you have an idea for an event, contact our Special Events team!

SHARE YOUR STORY
Are you interested in sharing your experience as a patient with us? By telling your story, you can inspire others and show them what St. Michael’s unique culture of caring is all about.

YOUNG LEADERS
St. Michael’s Young Leaders is a group of young professionals between the ages of 25 and 35. Through annual events, St. Michael’s Young Leaders raise funds for some of the hospital’s most urgent priorities.

VOLUNTEER
You can make a difference in the lives of our patients and their families by simply giving your time.

For more information, or to contact us about getting involved, you can reach us at 416.864.5000 or foundation@smh.ca.

ALL GIFTS ARE GRATEFULLY APPRECIATED
Health Minister Dr. Eric Hoskins was on hand, along with donors and friends, on April 17th 2015, as we broke ground for our new 17-storey Peter Gilgan Patient Care Tower to care for critically ill patients and renovations that will nearly double the size of the Slaight Family Emergency Department. Construction of the tower is expected to take three years, during which time the hospital will remain open. Dr. Hoskins with shovel in hand said that St. Michael's is “the heart and soul of the city. This bold redevelopment project will touch the lives of many. This project is visionary.”
8. Dr. Eric Hoskins addresses the media.
9. Campaign Co-chairs John Cassaday, Bill Downe, Tony Arrell, Honorary Chair Margaret McCain, Alayne Metrick and Dr. Bob Howard; absent: John Tory.

URBAN ANGEL GOLF CLASSIC
Vas Georgiou, Co-Chair
John Manning, Co-Chair
Michael Thompson, Co-Chair
St. Michael’s Foundation could not operate without the time and talents of hundreds of dedicated volunteers – from longstanding Board members to new Young Leaders, Gala Chairs and everyone in between, we couldn’t do this without you! On behalf of the patients, staff and supporters of St. Michael’s – thank you.
"ST. MIKE’S IS WHERE YOU WANT TO BE. YOU’LL GET THE BEST CARE THERE.

You’ll fly in, but you’ll walk out.” That’s what the air ambulance paramedic told police sergeant Kelly when her cruiser was hit head-on by a pick-up truck. The accident broke both her legs, her wrist and several bones in her neck and back, injuries that could have kept her in a wheelchair for the rest of her life. At St. Michael’s, Dr. Michael McKee and his team got her back on the road to recovery. The consideration shown by physicians and staff meant she never felt alone and never had to wonder about the next steps in her recovery.

“I’m blessed that I was taken to St. Mike’s. It’s a world-class hospital with amazing staff.”

Airlifted to St. Michael’s, Kelly knows the benefit of receiving expert care. Donors to our Inspire 2018 campaign who, like Kelly, have been treated here are making sure that St. Michael’s is equipped to serve its patients into the future.
